Trump India ke liye ek good option hai ya bad, ise samjhne se pahle aapko ek cheez janni behad jruri hai. Aur wo hai - **Deep state**.

US State Department, 'deep state' trying to destabilise India: BJP on OCCRP

Congress has used OCCRP articles on Adani Group to criticise Prime Minister Narendra Modi, alleges BJP

[Deep State Exposed by Aadi Achint | Bangladesh Crisis & Plan for India | Promo](#)

Agar aasan bhasha me main aapko batatu to Deep State ka connection America me CIA jaisi khufia agency se hai. Darasal Deep state ko lekar America kaafi pahle se hi kaafi charcha me rahta hai, jo ki ek aisa system hai, jo ki America me chal rhi government ke parallel me secretly run karti hai. Aur isme military, intelligence aur Bureaucrats ke los shamil hote hai. Ye log sarkar

se alag apni khud ki nitiyan lagu karte hain aur foreign policy aur doosre policies ko influence karne ki taakat rakhte hain.

For example, agar aapko yaad hoga, to Donald trump par election se pahle jo hamla hua tha, usme Deep state ka hi haath tha. Wahi Bangladesh ki aaj ki haalt ke piche bhi isi Deep state ka haath maana jaata hai.

[Bangladesh or New Pakistan? The American Conspiracy Explained! Ft. Abhijit Chavda #shorts - YouTube](#)

To Basically Deep state ek aisi secret agency hai, jo america me hai bhi aur nahin bhi. Because ye itni secretly kaam karti hai, ki iske next action ki kisi ko bhanak tak nahin hoti, khud Donald Trump ko bhi nahin.

To Trump achhe hai ya bure hai, is sawal ka pahla jawaab hamein isi Deep state se milne waala hai.

Deep state vs Donald Trump...

Ab bharat ka America ke saath rishta kaisa raha hai, ye ham sab bakhoobi jaante hai. America me jyadatar aisi sarkar rahi hai, jo bharat ki tarakki se jalti hai. Aur isi kaaran bharat ko destabilise karne ke liye yah indirectly apne Deep state ki takton ka istemaal karke bharat me Political pressure create karne ki koshish karte rahti hai. Unki media me hamesa bharat ke khilaaf ek narrative chalte rhta hai, jahan wo bharat me manavdhikaro ka hanan ya fir any aantarik mamlon par dakhal dene ki koshish karta hai.

For example, aapko yaad hoga, ek bar GEorge Soros ne Indian Prime minister Narendra modi ke liye kya kaha tha -

Iske baad Arvind kejriwal ke arrest par US ka reaction bhi kuchh aisa tha -

Aur yahi cheez bharat ke point of view se kaafi alarming hai.

But since ab US me Republican ki government aa chuki hai, aur iske president khud Donald trump hai, to specially Deep state waale mamle ke according Trump bharat ke liye ek good friend saabit ho sakte hain.

Kyunki khud Trump America se is Deep state ka safaya karna chahte hain.

Par ye to bas ek mudda hogaya, aaiye iske kuch anya pahluon ki baat karte hain.

Other factors of the Trump regime...

Deep state ke baad agar Trade par dhyan de to India ke prime minister Narendra Modi aur America ke President Donald Trump dono hi Nation first policy ke supporter hai, aise me trades ko lekar America ke saath tanatani banne ki possibility ko nakara nahi jaa sakta hai.

Aur Trump ke haal ke bayaan ko agar aapne suna hoga, to aapko is baat ka andaja hogya hoga

To filhaal to aisa lag rha hai ki Bharat aur America ke beech trade ek important issue bana rahega.

Pehle term me, Trump administration ne Bharat ke saath trade ko lekar sakht rukh apnaya tha, jisme India par tariffs (kar) lagaye gaye the aur trade deficit ko balance karne ki koshish ki gayi thi. Trump ne PM Modi ko kai baar “**tough negotiator**” kaha hai,

<https://youtube.com/shorts/EkbfZPKXPTE?si=tmpyecxNWbg1Yp37>

isliye unke second term me bhi woh aise trade agreements par zor de sakte hain jo **American companies** ke liye beneficial hon, especially **technology, defence aur pharmaceuticals** sectors me.

Wahi Bharat ka **technology sector**, jo uski economy ka ek major part hai, America ki nazar me bana rahega, specially **data privacy aur digital trade** ko lekar. America Bharat par pressure daal sakta hai ki woh **intellectual property rights, market access aur business regulations** me changes kare taki US companies ko zyada fayda ho.

Aur to aur Elon Musk bhi is matter me important role play kar sakte hain, kyunki unka Trump administration me influence badhne ki sambhavana hai.

Lekin dusri taraf, Bharat aur America ke **defence ties aur strong ho sakte hain.**

India **advanced military technology** procure kar sakta hai, jo dono deshon ke **cybersecurity, counter-terrorism aur intelligence sharing** jese areas me partnership ko aur majboot karega.

Par yahan bhi Trump ki “**America First**” policy Bharat ke liye challenge bhi ho sakti hai. India ko apne **national interests aur US trade pressure** ke beech balance banana hoga, taki woh apni economy aur strategic interests ko secure rakh sake.

Waise trade me America ki China ke saath dushmani Bharat ke liye faydemand saabit hogi, to yahan ek plus point ho sakta hai.

Global and Regional Security ...

Trump ki **"America First" policy** ka ek aur aspect hai – **foreign conflicts se US ki duri**. Eastern Europe aur Middle East me chal rahi lambi ladaiyon ke beech, Trump ek **tough negotiator** ban kar Russia-Ukraine war jaise disputes solve karne ki koshish kar sakte hain, jaise unhone pehle North Korea ke saath kiya tha. Unka **Russia ko lekar unpredictable stance** India ke liye beneficial ho sakta hai, kyunki ye **US aur Russia ke beech balance banane** me madad karega.

[Russia-Ukraine War: Pressure From Trump Forces Zelensky to Call for Dialogue | WION Fineprint](#)

Wahi Khalistan issue ko lekar Canada aur India ke beech tensions hain, aur ab tak US ne Canada ka indirect support kiya hai. **Trump-Trudeau ki history kharab rahi hai**, isliye Trump administration India ke side le sakta hai aur **Khalistani extremism ke khilaf sakht action** lene ke liye Canada par pressure daal sakta hai.

Bangladesh me **Sheikh Hasina ki power loss** aur waha badhta **Islamist extremism** bhi India ke liye concern hai. **Trump ka Muhammad Yunus aur Bangladesh ke violence ko lekar stance** India ke liye beneficial ho sakta hai, jisme India ek regional security player ki tarah kaam karega.

China ke badhte influence ko counter karne me **India-US ki partnership** aur strong ho sakti hai, especially South Asia me **China aur radical groups ke expansion ko rokne** ke liye. **Pakistan ke terrorism ko lekar Trump ka sakht stance continue** rahega, aur woh Pakistan par aur pressure daal sakte hain.

Jisse overall India ko fayega hoga...

Closure

Toh kya Trump India ke liye ache hain ya bure?

Jaise ki humne dekha, Trump ke second term me India ke liye kuch bade challenges bhi ho sakte hain aur kuch opportunities bhi. Deep State ke khilaf Trump ka stance India ke liye beneficial ho sakta hai, lekin trade policies aur tariffs ko lekar tension badh sakti hai.

Foreign policy ke perspective se dekha jaye toh Trump ki "America First" approach India ke strategic interests ke liye mix impact la sakti hai. Pakistan aur China ke muddon par unka aggressive stance India ke liye supportive ho sakta hai, lekin trade aur economic policies me competition bhi badha sakta hai.

Wahi unka Hinduo ke saath prem aur Islam ke prati nafrat jag jaahir hai...

To Ab sawal ye uthta hai ki **kya India iss naye Trump era me apni position aur strong kar payega ya nahi?** Kya hum trade aur diplomacy me balance bana kar apne national interests ko safeguard kar sakenge?

Aapko kya lagta hai—**Trump ka wapas aana India ke liye zyada beneficial hoga ya challenging?** Apni rai comments me zaroor share karein.
